Handshower Model No.	REI-A330DP	REI-A330NP
Rainshower Model No.	REI-A330DP-R	REI-A330NP-R
SPECIFICATIONS		
Pump	DC Silent Pump	Without Pump
Pump Noise Level	50-60 dB	-
Thermostat	Double Action	
Power Rating	3.3kW / 15Amp	
Voltage	230V / 50Hz	
Water Temperature Control	Electronic	
Min Flow Rate	2L/min	
Min Pressure	20 kPa or 2.9 psi	
Max Pressure	550 kPa or 80psi	
Cold Water Connection	15mm diameter (1/2" BSP)	
Water Heater Dimensions	220(W) x 390(D) x 87(H) mm	
Water Heater Gift Box	235(W) x 659(D) x 100(H) mm	
Rainshower Dimensions	220(W) x 390(D) x 87(H) mm	
Rainshower Gift Box	390(W) x 1043(D) x 105(H) mm	
Gross Weight	3.7kg	3.3kg
Net Weight	2.2kg	1.8kg
Gross Weight (Rainshower)	5.5kg	5.0kg
Net Weight (Rainshower)	2.2kg	1.8kg
FEATURES		
Anti Twist Hose	✓	✓
Dual Over Temperature Safety Cut-off	✓	✓
IP25 Splash-Proof Protection	✓	✓
Auto Flow Sensor Switch	✓	✓
Electronic Pump Speed Control	✓	✓
Electronic Temperature Control	✓	✓
High Quality Stop Valve	✓	✓
Anti Leak Heater Tank	✓	✓
Colours Available	Piano Black (WB), Moonlight White (WW) and Metallic Silver (WS)

Rinnai

Ore Series Electric Instant Water Heater

A Touch of Brilliance

Rinnai Ore Series Shower Heater, the first illuminating shower heater engineered with 'ore-like' precision, where raw stones are transformed to reveal its true worth, both sleek in design and priceless in look.

The Rinnai Story

Since 1920, Rinnai has been in the business of household gas water heating and floor heating, as well as kitchen and commercial cooking appliances that have been helping people achieve cost efficiency and convenience in their day-to-day lives.

Every product developed by Rinnai is introduced with innovative qualities. Not only are they designed to simplify daily tasks, they also address environmental concerns.

Today, Rinnai is taking its first leap into the electric water heating domain, with the birth of the Ore Series electric instant water heater.

The Ore Series

The name of this product range stems from the word Ore, which is the precious mineral harvested for its invaluable worth. While ordinary in its raw form, the right use will harness its true, priceless appearance.

Simple and Elegant

This minimalist design water heater is extremely easy to operate, with only 1 knob to power up the stepless temperature control throughout its entire use. It is encased in a stunningly-designed sleek chassis and decked up in the refined, timeless colours of Moonlight White, Metallic Silver or Piano Black, with a super high-gloss finishing.

LED Illuminated Water Heater

Rinnai is always looking out for you to fulfill all your household needs, in the kitchen and, now, even in your bathroom. The Ore Series water heater is not only truly functional, the beautiful glowing indicators and logo make it easy to understand while further enhancing its elegant design.

Colours Available

- Piano Black (WB)
- Moonlight White (WW)
- Metallic Silver (WS)

Warranty

5 Handshower Adjustment Functions

Enjoy the 5 classic types of water spray for your shower

DC Silent Pump

- Advanced brushless DC motor technology
 - Silent operation
- Save up to 50% energy compared to AC pump
 - Maintenance-free, no carbon brush
- Pump speed control, suitable for high and low water pressure
 - No waiting time compared to storage water heater
 - Cost effective and ecological
 - Longer life-span

Safety Features

Dual Over Temperature Safety Cut-Off

- Auto reset if water temperature exceeds set limit
- Avoids overheating and scalding

Primary cut off 55°C
Secondary cut off 85°C

IP25 Splash-Proof Protection

- ABS plastic waterproof casing IP25 Safety Standard compliant
- Prevents water and dust

Auto Flow Sensor Switch

- Shuts off heater if water flow is too low
- Avoids dry burn
